Klára Suchanová

JUNIOR FRONT END DEVELOPER

Profile

Hello, looking for hard working enthusiastic junior front-end developer? That's me.

I have been working on few small fun projects so far. I am using HTML, CSS, Java Script. Responsivity and media queries, grid are included. I have some experience with Jquery lightbox gallery.

My skills improve as I study every day. Every new project I make is much better, prettier, more functional, more modern and professional.

Don't hesitate and watch my portfolio site: klarasuchanova.cz

I am looking for a part-time job or any experience in a real front-end project.

Employment History

Maternity leave, Prague, Czech republic

AUGUST 2020 — PRESENT

The only job that requires 24-7 commitment. Improvement of my planning skills and patience increased significantly since birth of my son. I also improved my communication skills and my ability to teach others.

The reason why I decided to change my career path and started to learn front-end programming was no chance to use my creativity in pharmacy.

Pharmacist , Prague, Czech republic

NOVEMBER 2016 — APRIL 2020

The main part of work was sale, communication with customer, goods handling, administrative activities. I was working in a small team, successfully coping with multitasking and deadlines on daily basis.

Education

Master of Pharmacy, Charles University Prague

In 2021 I took part on Udemy web development bootcamp.

Other sources I'm using to learn front-end are Czechitas, Mimo, W3Schools and YouTube channel of Kevin Powell.
